

1. Who were the Wampanoag Indians. Where did they settle?
(I don't know)

"harvest celebration"

2. A couple days before this I think the weather was the same as today cold and snowy and they had to build a fire for warmth

What happened 388 years ago?

There were pilgrims and Indians in America.

Picture 2 is my picture of Thanksgiving, because my mom/sister usually bring out the turkey after it's done
